Thank you, Holly! These are helpful. I'll let you know if I have any questions or if this spurs any additional thinking.

If I don't talk with you in the next couple of days, Happy Holidays and Happy New Year!

Thanks, Jon

Hi Jon, it was great to meet you this afternoon!

Attached are:

- ND's current proposed WQS revisions (the state's recreational water quality criteria are on page 11);
- EPA's recent comments on ND's proposed WQS revisions; and per your request,
- EPA's 2018 letter approving ND DEQ's WQS revisions.

I couldn't find final implementation guidance for EPA's 2016 selenium criteria, just some draft technical dox. I'll see if I can find out the status of the guidance.

Finally, I'll do my best to get Kris on a call...

See you on the N-STEPS update call tomorrow morning.

Thanks,  
Holly Wirick
